We may use cookies (and similar items such as clear gifs, web beacons, tags, etc.) on our Service to customize your visit and for other purposes to make your visit more convenient or to enable us to enhance our Service. We may also use and place cookies (and similar items) on your computer from our third-party service providers in connection with the Service, such as an analytics provider that helps us manage and analyse Service usage, as described more fully below. In addition, our advertisers and business partners may set cookies and similar items on your computer when you use our Service. For example, we use cookies on our site for Google Analytics (the "Analytics Service"). The Analytics Service is a web-based analytics tool that helps website owners understand how visitors engage with their website. The Analytics Service customers can view a variety of reports about how visitors interact with their website so that they can improve it.

Like many services, the Analytics Service uses first-party cookies to track visitor interactions as in our case, where they are used to collect information about how visitors use our site. We then use the information to compile reports and to help us improve our site.

Cookies contain information that is transferred to your computer's hard drive. These cookies are used to store information, such as the time that the current visit occurred, whether the visitor has been to the site before and what site referred the visitor to the web page.

The Analytics Service collects information anonymously. They report website trends without identifying individual visitors.
